

DATA SHEET

WATER STORAGE - HEAVY DUTY TANKS

FEATURES

- All of our Water Storage Tanks are potable
- Lightweight, rotational moulded HDPE construction
- Available in a colour option of Blue, Black or Green
- Recyclable after use

The compact designs of our Heavy Duty Tank range allows you to store a larger capacity of water for a longer time or for bulk usage, whilst taking up minimum space or eliminating the need for several smaller tanks.

The single piece moulded design ensures our tanks are sturdy, robust and reliable when in use in a variety of applications

5,000 LITRE

6,000 LITRE

| Heavy Duty Tank - Capacity Size | Dimensions mm | UV Stabilised | Material |
